Announcement was made in the senate today by Senator Lea that the majority views on the Lorimer case would be filed on May 20. At that time an effort will be made to fix a date for final disposition of the matter.

The senate considered minor measures in the calendar and disposed of a large number of such bills. Secretary Stimson transmitted a report setting forth plans for the entertainment of 40,000 veterans on the fiftieth anniversary of that government and showing that the cost for equipment and subsistence will be \$358,000.

Secretary Nagel sent a communication to the senate stating that an investigation of the Lawrence, Mass., strike had been made and a report would be presented to the senate soon.

LAWYER DARROW TO BE TRIED THIS WEEK

(Continued from Page One.)

ident that a jury will acquit me. I am innocent of bribing either the two McNamara jurors who received money from Detective Bert Franklin. When the evidence is heard we will show that Franklin, after his indictment, stated publicly upon a number of occasions that he had bribed the jurors without any direction from any lawyer defending the McNamara brothers.

Earl Rogers, chief counsel for Darrow, made this statement concerning the case.

"Evidence founded upon the word of an informant, who has pleaded guilty to a felony, is not good. The district attorney's case against Darrow is framed upon such structure. Bert Franklin, the chief witness for the state, was an employee of the forces behind the prosecution a long time before he was arrested. Other witnesses relied upon by the district attorney were being paid to betray. Such witnesses will not impress any jury. I have had a good many cases where such witnesses figured, and I never found a jury which placed any credence in them."

District Attorney Fredericks defined his position in this language: "The evidence against Darrow is convincing. It does not rest upon any one or two witnesses. It is just as convincing as the evidence in the McNamara cases. It will be my duty to ask the jury not only to find Darrow guilty but to recommend that he be sentenced to confinement in the state penitentiary. Our case is all prepared and we will not ask for any continuance when it is called on May 15."

Assistant District Attorney W. J. Ford, who presented the evidence to the grand jury which indicted Darrow January 30, makes this pre-trial charge against the noted labor lawyer:

"The evidence indicates that Darrow is guilty. I feel more confident that he will be sent to jail than I did that the McNamara would be sent to the penitentiary before they both pleaded guilty. Darrow has taken many depositions in the trial concerning his character and these will be introduced in evidence. We do not attack him on that ground, however, and will be willing to stipulate that his reputation in Chicago was good."

"It will take the state about three weeks to present its case. If the defense calls the witnesses I understand they will summon it, it will require a little over a month to hear the entire case. We will not be assisted in this prosecution by any outside counsel. Captain Fredericks and I will handle it alone."

KILLILAY SUSPENDED; TOOTHAKER RELEASED

Skyscrapers Will Journey to Ogden Tomorrow; Many Loyal Fans Go Along.

Dick Cooley announced yesterday that he had suspended Killilay until that erratic twirler shows more inclination to make good than he did yesterday. Killilay is a fine pitcher when he is in shape and wants to do his best, but he seems to be afflicted with a lack of ambition. If nothing worse, he cannot join any other team until Cooley releases him, which Cooley does not intend to do.

Toothaker, the widely-heralded marvel from the Western league, failed utterly to make good here and he was released unconditionally. Buck Weaver despaired of ever making anything of him. Brunsen, the big pitcher who was tried out with the Skyscrapers early in the spring, is again in a Salt Lake uniform and is likely to be given a trial in the double-header today. Kelly has not been released yet. The deal was all framed up when Cooley changed his mind. The Salt Lake magnate concluded that the bonehead play Kelly made recently would be the last one for the season. Merkle of the Giants made a worse one, but he is a star now.

The Weber club in Ogden realizes that in John McCloskey Ogden has a baseball leader who is more competent than many big league cities have and the public-spirited members of that club have arranged for "McCloskey day" tomorrow. The Salt Lake team will go to Ogden and play one of the regular championship games which will be deducted from the Salt Lake-Ogden schedule later in the season.

Many loyal fans have expressed a determination to go with the team. Cooley has very generously declared that all he wants is his \$75 guaranty. As the Weber club members are selling many tickets at a dollar apiece, McCloskey should receive a nice sum.

Butte has made a great coup. McCloskey announced last night that he had completed negotiations with the St. Louis National league team to get Pitcher Dell, the former Weiser, Idaho, twirler, who has made good in the big leagues. Dell has been a trifle wild in his recent games and that is the reason he is being sold to the Union league.

SHORT LINE MEN PLAY A TIE GAME

The elimination baseball series between the Oregon Short Line railroad company's employees resulted yesterday in a tie, 9 to 9. The deciding game will be played next Saturday afternoon at 3 o'clock at the fair grounds. E. Dunkley, Kid Jones, M. Murphy and George Burrows were stars in yesterday's game. The game was called on account of darkness after the thirteenth inning. Roy Ketchum and M. Miller made excellent plays in the field.

E. Sletted named Next Saturday's game will determine the supremacy, and the winners will be open to a challenge to any amateur team in the city.

YALE CLAIMS MEET; REFEREE SAYS TIE

By International News Service. NEW HAVEN, May 11.—The Yale track management laid claim to the track meet with Princeton through a clause in the dual agreement which asserts that in case of a tie in number of points scored, the meet shall be awarded to the university which scores the more first places. Yale won seven heats today to Princeton's six.

Referee Sullivan declined, before leaving town, to interfere in the technical results of the games, stating that in points scored the meet was a tie and that the two athletic associations must settle the matter under their mutual agreement.
